• Flying field - Entrance and gate

The farmer recovered the field entrance with soil earlier in the Summer. Be aware this is getting soft for the cars. It's ok at the moment but might get difficult once the winter weather sets in.

• Flying field – Casting club awareness

We've watched the Casting club in action and although they seem to move around the field a lot they don't appear to be causing us any problems. If anyone has problems with their activities please let us know. Keep an eye out for them driving over the flying strip. If this happens we will have a word with them.

• Sun hats, shirt and fleeces - Orders being taken

I'm told by Logotogo that the sun hats we were wanting will be back in stock towards the end of this month. I'll be putting an order into them at that point. If anyone wants polo shirts or fleeces at the reduced price can you let me know after the meeting and I'll take a note of sizes and colours needed. Some orders were put in.

If anyone else want polo shirts or fleeces ordering please get in contact with me in the next week or two to get them at reduced cost.

We have a stock of wooly hats, both colours but only 1 black cap left. We won't re-order caps unless there's a need for them.

• Club merchandise
